

Visiting Hoffman Hills

rev. 1/6/18

- **Farm Life**

Visitors should be mindful that we are a working farm and occasionally have equipment operating. Roads and driveways on the farm are dirt and gravel, and at times we experience windy and dusty conditions. The terrain is uneven and some areas of the farm can be challenging to navigate for those with limited mobility. We suggest wearing low heel shoe for safety purposes, no high heels! We ask that visitors refrain from entering the Lavender rows without first obtaining permission. At this time we do NOT have a handicap accessible restroom. We are working to find a solution. Guests are always welcome, however, if your visit is not during our regular operating hours we ask that you call in advance to make sure that someone is here to assist you.

- **No Smoking Please**

Hoffman Hills Lavender Farm has a **NO SMOKING** policy, and does not permit smoking anywhere on the premises. We appreciate your respect and consideration for our guests.

- **Children**

Children are welcome! However, we ask that they are closely supervised for their safety and respect for the farm. Please keep children out of the landscape and Lavender Fields. Photo shoots are permissible in restricted areas with advanced permission from the owners. Please see Photography Policy.

- **Pets**

We all love our pets and want to share our life with them. As a wedding and event venue we pride ourselves on a clean and safe environment for our guests. We have a NO PETS policy. There are too many things that can and do go wrong. If you do bring your pet to the farm, it must remain in your vehicle at all times. Absolutely no pets are allowed on the premises during events, not even in vehicles.

- **Photography Policy**

Everyone who is a daily guest of our farm is invited to take personal snapshots of your visit, while adhering to our policy of refraining from entering the lavender rows without permission. We love it when our guest e-mail us great pictures or post them on FB!

NOTE: There is a fee for professional photographers! If you would like to schedule a photo shoot on the Farm please call us for specifics and appointment times.

- **Our House....is Our Home!**

We love to share, but the house and lawns around it are off limits unless it has been rented. Thank you for your consideration.
